TUNISIAN TOP FOR KIDS

Final shirt measures: for a 5-6 year old, 51cm long x 37cm wide

I wanted to make a top that is for the maker that just started out in Tunisian crochet and wanted to make something other than a scarf. This is kind of like a scarf in technique but has a little something extra. The yarn is thick and soft so it's a quick hook and you'll feel satisfied seeing your project work up quickly. The basic concept can be altered for any size, just make sure your starting chain is the width (with some wiggle room) of the person you're making it for.

Please be sure to tag me on social media (@anniegurumi) and use #anniegurumi so I can see your Tunisian Top. Thank you for enjoying my pattern. Please come by [instagram](#) and say hi, I am very active there. :)

This is a simple but really cute little shirt that looks absolutely adorable on children. Please be sure to check the gauge and fit it according to whoever you're making it for. You can also adjust the starting chain to make it wider or smaller. You can measure a shirt of the person you own for the width and make accordingly.
