SNUGGLE BOT

Approximately 25cm from head to toe when using Kartopu Organica with a 2.75mm hook.

This little robot is longing for a snuggle and it searches far and wide for that very thing. But in the end he realises what he really needs is YOU. Hope you make this for someone you love to snuggle with.

Please be sure to tag me on social media and use #anniegurumi so I can see your Snuggle Bot. Thank you for enjoying my pattern. Please come by instagram and say hi, I am very active there. :)

Feel free to use any yarn you wish. Just make sure the hook matches the yarn. :)
