RAINBOW HANGING

Final Rainbow Measures: 1meter wide

This is a great stash buster using cotton aran weight yarns that you might have left over. I used an array of bright colours to make this Hanging with a rainbow in mind. Use your favourite yarn but I do suggest going up in hook size quite a bit to maximise the size of your rainbow.

Please be sure to tag me on social media (@anniegurumi) and use #anniegurumi so I can see your Rainbow Hanging. Thank you for enjoying my pattern. Please come by [instagram](#) and say hi, I am very active there. :)

Skill Level:**Materials:**

La Mia Baby Cotton in your 6 favourite rainbow colours

5.5mm Hook

some washi tape to stick the rainbow onto your window. (it will not leave a sticky residue)

Stitches: (US Crochet Terms)

ch: chain

tr: treble crochet

st: stitch

FO: fasten off

Notes:

ch 4 counts as a tr (the first tr in the row)

To change colours, wait until you reach the last tr before the colour change. When you have 2 loops on your hook on the last tr, use the new colour to close your st. Continue the pattern.

Pattern is worked in rows.

Starting with purple:

ch80, tr crochet in 4th ch from hook, tr in each ch and turn. [77 tr]

R1: ch4, (10 tr, 2 tr in same st) repeat 7 times. and turn. [84 tr]

Using washi tape, hang on your window in support of everyone who is helping with the current COVID-19 pandemic. Healthcare workers, custodial workers, postal service, grocery stores, teachers and staff. There are so many more that are risking their lives to keep us safe and able to have supplies. Thank you to every single one of you who is doing this.

I ask that you use these rainbows for yourself at home to show support through your own window. If you are wanting to send these to hospitals, please call first and ask if they would like your rainbow. My friends and family work at the hospital and they prefer cash donations to feed the staff food, help for parking so the staff can concentrate on their patients without going out to eat.

Let's do this together friends. Hang in there and I am sending so much love to every single one of you.
