KEEP EVERYTHING DRAWSTRING BAG

Keep Everything bag measures about 38cm wide and 61cm tall when stuffed.

If you're like me, you need a giant sack to hold all of your stuffing, yarn and maybe something to hold all the amigurumi you've made. This is a giant bag and works up quick. It holds a lot and very pretty, while simultaneously hiding the things inside. You use the yarn itself as the drawstring so it is very simple!

Clean FO, weave in all ends.

Assembly:

Using leftover [Light Blue Yarn](#): weave in and out of stitches in R24 to create a draw string. Cut length to your liking. I like to have the drawstring completely opened and then leave about 15cm on both ends. When I pull both ends of the string to close the top, I tie it simply with a bow to secure it shut.

I use this bag to keep all of my extra bags of stuffing inside. :)
